

For the 2017-18 school year Winsor will receive £10,347 of funding to develop PE and sport.

Vision

- Where do we want to be by July 2018?

By July 2017, the New Curriculum for PE should be delivered across the school. Skills delivered should show progression. Staff confidence levels should have improved through increased CPD and work with our in house coach. The profile of PE will be raised through coach led PE sessions and exposure to a wider range of sports - through engaging with competitions and experiences within the sports partnership, as well as our own after school clubs.

Specialised PE coach

At Winsor we believe that all pupils should receive a high level of sport provision within lessons and through the additional curriculum provision. PE has a high profile at Winsor through the employment of a specialist PE coaches at lunchtime, who actively improve pupil skills and their participation within sporting activities outside their PE lessons. By employing coaches at lunchtime, pupil's engagement in sporting activities has increased and pupils are exposed to activities which further develop their skills such as balance and gross motor skills. The same coaches lead after school clubs, meaning pupils are familiar with the staff and pupils feel more confident when participating at clubs.

School Sports Partnership

We subscribe to membership of the local School Sports Partnership, who greatly enhance high quality sporting opportunities for pupils, as well as providing successful and effective professional development for staff. The School Sports Partnership provided staff at Winsor with a training on Outdoor and Adventure Activities. Well developed and appropriate activities were shared with staff and, as a result, staff are showing a greater confidence in delivering high quality lessons.

The School Sports Partnership has also provided two clubs this year, a SEND club this year, this has allowed for a greater involvement by SEND pupils and support staff in PE lessons and has raised awareness of SEND pupil engagement and participation within lessons. The other club provided was athletics, this

allowed pupils to make links with staff from a local secondary school, develop their skills and resilience when engaging with athletic activities.

Winsor have participated in a number of inter school competitions, which have allowed pupils to demonstrate the Winsor values: respect, collaboration, determination, responsibility, enjoyment. Pupils have been exposed to the element of competition and have developed their understanding of fair play and how to behave whether they win or lose.

Newham Football League

Winsor are part of the Boy's 9 a side league and the Girl's 6 a side league. Throughout the year, pupils have played different teams from local schools. Watching the matches reveal that pupils are proud to represent our school and take responsibility for their role within the team.

Impact of Sports Premium Funding:

As a result of this funding we have increased the number of opportunities available for our children over time. This includes opportunities to participate in PE and sport during lessons and outside the school day. We have also developed our staff's ability to teach high quality PE lessons. We have encouraged our children to be active, happy and competitive within a supportive framework, which develops and celebrates their sporting talents while giving opportunities to children of all abilities.

We want children to love sport, make the most of the opportunities provided and lead a healthy lifestyle.
