

Looked After Children

Drafted By:	Louise Hepple

Ratified by <i>Governors</i> :	13 th October 2016

This policy incorporates requirements set out in the statutory guidance on the duty on local authorities to promote the educational achievement of looked after children under section 52 of the Children Act 2004, the Role and Responsibilities of the Designated Teacher - Statutory Guidance for School Governors (2009) and the Children and families Act 2014.

Background

Since the mid-Seventies there has been growing concern about the education of children in care and greater attention paid to the important part that successful schooling could play in helping children escape from social disadvantage. In 1995 a joint report by the Social Services Inspectorate and Ofsted stated that the care and education systems were failing to promote the educational achievement of children in care and drew attention to:

- *Poor exam success rates in comparison with the general population*
- *A high level of disruption and change in school placements*
- *Lack of involvement in extra-curricular activities*
- *Inconsistent or no attention paid to homework*
- *Underachievement in further and higher education*

It is, therefore, essential that schools promote the achievement of such vulnerable children, who may also face additional barriers because of their race, ethnicity, religion and beliefs, sexual orientation or because they are disabled. All schools should have a policy for Looked After Children that is subject to review and approval by the Governing Body. The policy should set out not only the ethos of the school in its approach to meeting the needs of children looked after by a local authority but also the procedures that will ensure participation in high quality learning and progress.

Terminology

The Children Act (1989) introduced changes in terminology. The term 'in care' now refers solely to children who are subject to Care Orders. Children who are cared for on a voluntary basis are 'accommodated' by the local authority. Both these groups are said to be 'looked after children' (LAC) or children in care or 'children looked after' (CLA) by the local authority.

It is important not to confuse a young person's legal status with their living arrangements. For example, a child on a Care Order can be living with:

- *Foster carers*
- *In a children's home*
- *In a residential school*

- *With relatives, or*
- *Even with parents - under supervision of Children's Services*

Similarly, an 'accommodated' child can be living:

- *In foster care*
- *In a children's home, or*
- *In a residential school*

It is also important to remember that while Parental Responsibility (PR) for the young person normally lies with the Local Authority and/or the parents, responsibility for day to day decisions is often delegated to the foster carers or staff at the residential home. It is therefore important to ascertain who holds PR and what if any authority has been delegated to carers as soon as possible. Each case will be different as to who will have responsibility and who will need to be kept informed.

- To ensure that a Home-School Agreement is drawn up with the primary carer and signed by the Social Worker;
- To supervise the smooth induction of a new looked after child into the school.

Governor

The name of a Governor with special responsibility for Looked After Children in the school:

Lisa Crawford

The role of that Governor

The named governor will report to the Governing Body on an annual basis using the report from the Designated Teacher as source information:

- The number of looked after pupils in the school;
- A comparison of test scores as a discrete group, compared with those of other pupils;
- The attendance of pupils as a discrete group, compared to other pupils;
- The level of fixed term/permanent exclusions; and

- Pupil destinations after leaving the school

This report should be forwarded to Newham Virtual School.

The named Governor should be satisfied that the school's policies and procedures ensure that looked-after pupils have equal access to:

- The curriculum;
- Public examinations;
- Additional interventions to support educational progress e.g. One to One tuition
- Careers guidance;
- Extra-curricular activities;
- Work experience; and
- The most effective use of the Pupil Premium to raise attainment

The named Governor is encouraged to support with the implementation of the role and responsibility of the Designated Teacher working with looked after children to ensure and confirm the schools' best practice.

The named Governor will be expected to have completed training on working with looked after children in school.

Whole School Responsibility

It is important that all teaching staff who are in contact with the child or young person are aware that he/she is being looked after by the Local Authority. The responsibility for the transfer of this information should be that of the Head Teacher and/or the Designated Teacher for Looked After Children.

It is appropriate for a classroom support assistant to have knowledge that the young person is in care only when directly involved in the teaching of the young person.

In the absence of the usual class teacher, some information regarding the child's circumstances should be shared with the teacher covering the class. The extent of this sharing should be determined by the Head Teacher or the Designated Teacher.

Admission Arrangements

On admission, records will be requested from the pupil's previous school and a meeting will be held with carer/parent/Social Worker/Advisory Teacher as appropriate - but always involving someone with parental responsibility*. This will provide information to inform the Personal Education Plan. An appropriate school induction will take place.

Involve the Young Person

It is important that a young person is aware that information is being recorded regarding their personal circumstances. How this is shared with them clearly depends on their age and understanding. The explanation should emphasise that the school, the Social Worker, the Advisory Teacher and their carer(s) are working together to promote their education.

It is important that the young person is supported to complete the Pupil Consultation section of the Personal Education Plan to inform the PEP and Care Plan review meetings

It is important to establish the child's view of their changed circumstances and what they want others to know. It is also important to ensure that a Social Worker/teacher/carer prepares the child when they may be asked about home situation, by other pupils in the playground for instance.

Communication with Other Agencies

Schools should ensure that a copy of all reports (e.g. End of year reports) are forwarded to the young person's Social Worker in addition to the foster carer or Residential Social Worker and if appropriate parent/s and the Virtual School.

Schools and education and social work colleagues within Children's Social Care should endeavour to co-ordinate their review meetings, e.g. to have an Annual or a Statement Review and a Personal Education Plan meeting or review where at all possible.

It is important to exchange information between formal reviews if there are significant changes in the young person's circumstances, e.g. if school is considering an change of course, there is a change of care placement or there are significant issues that will affect educational provision eg; behaviour or attendance.

Assessment, Monitoring and Review Procedures

Each pupil in care will have a Care Plan that will include a Personal Education Plan (PEP) that is developed jointly by the Social Worker, the Advisory Teacher and Designated Teacher. This will identify specific areas of focus and include targets and associated action to improve the student performance or educational achievement. Areas for consideration will include:

- Achievement Record (academic or otherwise);
- Development needs (short and long term development of skills, knowledge or subject areas and experiences); and
- Long term plans and aspirations (targets including progress, career plans and aspirations).
- Educational Data so that progress may be easily tracked between Key Stages
- Extended learning opportunities;
- Involvement in Out of School Hours Activities;
- Special needs (if any);
- Attendance;
- Behaviour;

The PEP will be updated and reviewed three times a year or at the point of any major change and will contribute to the Statutory Reviewing process carried out by the Independent Reviewing Officer. The Designated Teacher is accountable for the implementation and review of the educational action to meet the targets within the Plan.

The named Governor will report annually to the Governing Body on the progress of all children looked after against the key indicators outlined above.
