

Vicki Lawrence
Read Write Inc. Manager

I very much enjoy every aspect of my work here at Winsor Primary School. I had the pleasure of beginning my teaching career here back in 2007 and 9 years on I am still here!

From commencing my career on the Graduate Teacher Programme (GTP) and gaining QTS to having the opportunity to lead Read Write Inc. and become a year group leader within the school I strongly believe that our school is unique in helping to create strong, motivated teachers.

At Winsor, we are so very lucky to be working in a well-resourced and spacious school with fantastic facilities such as our own sensory room and playing field. Our school is situated within the London Borough of Newham making our school population very rich and diverse with many different cultures and languages spoken. In addition, we are incredibly inclusive and have high expectations for every child to achieve no matter their background or ability.

Our staff members work closely together within a culture of trust and respect for each and every member of our team. In recent years, we have had a real cultural shift at Winsor; parents are increasingly better informed about their children and their potential futures with growing confidence that their sons and daughters can and will achieve. As a school, we have worked hard to support our parents by providing a wide variety of workshops. I have had the pleasure of leading some of these workshops and I must say I love it!

I am very grateful for the opportunities that I have had and I look forward to continuing to progress personally and within my career with the support of the school. As a parent with a rather long, tiresome commute I am very thankful for the opportunity to work part-time hours to help with the balancing act of being a parent as well as a teacher.

If you are looking for a challenge, a diverse place to work with a strong sense of community then Winsor Primary School is definitely the place to be!
